Report Types

Merlin Book Version @ £195 (no vat)

Our Full Industry Report in book format contains the latest accounts for the limited companies in an industry. A series of graphs and ratios aid comparisons and company benchmarking is assisted by the inclusion of the industry average for the sector covered. You are entitled to free updated copies of the report over the internet for six months.

Merlin Database @ £245 (plus £42.88 VAT)

The CD version of our Full Industry Report is a searchable database of all the firms in the industry. With our database, you have control. You select the firms, you set the financial parameters and end up with an analysis to suit your requirements which you can view, print or export as required. Updates to the database and additional relevant companies are free for a period of six months. An illustration of the database software is on www.merlinscottassociates.co.uk

Additional Industry Reports @ £120 (plus £21 VAT)

You can achieve complete coverage of your markets by simply adding reports to the Merlin database.
